

Sunnyside Community Association Annual Meeting

Wednesday, April 24, 2013
7:00 pm - 9:00 pm
Location: Kallish Residence

Board Members Present:

Bill Kallish Chuck LaFranchi Bob Laman Brian Miller Mike Sarullo

Voting Members Present (21)

Barrett, DeGirolamo, Gill, Gisbrecht, Glassmaker, Graner, Kallish, Kim, Kirk, LaFranchi, Laman, Madani, Mashihara/Lau, Meisterheim, Miller, Morreale, Pages, Peterson, Richards, Sarullo, Trost

Non-voting Members Present (Social Members and Renters)

None

Valid Proxies Received (9)

Cardello, Hassanally, Kotowski, LaForest, Makineni, Parker, Rowe, Spellacy, Uriu

Quorum requirements were met (26 or more member families) and the meeting began at 7:00 PM.

1. Welcome

2. Approval of Minutes – approved.

3. Street Etiquette – Bill Kallish

- There have been many complaints of speeding on the street. The bushes obscuring the winding road warning sign at the top of the street have been trimmed. Please follow the sign's recommendation of 20 MPH.
- When parking on the street, please ensure that your vehicle is off the street as much as possible and out of the traffic lanes.
- Please clean up after your dog.
- Be friendly, talk to your neighbors and discuss any problems. Bring unresolved issues to the attention of a Board member.

4. Neighborhood Watch – Lorraine Kirk

Please consider the following items to increase the security of your home: when away from home turn on lights with a timer or sensor to make your house look occupied, use outdoor motion-detector lights, ensure all exterior doors are solid (not hollow), lock sliding doors, keep bushes trimmed, keep garage doors closed, keep vehicles locked with valuables out of sight, use a "Do Not Disturb" sign to discourage solicitors, do not let any strangers enter your home.

5. Introduce Driveway Monitor – Chuck LaFranchi

This wireless driveway alert system is in use by several houses on the street. It uses a wireless receiver in your home that chimes when the infrared driveway alert sensor outside detects motion. The wireless motion sensor mounts outside on a post or wall and you can set the receiver anywhere in your house within 400 ft. of the sensor. This product is available at Harbor Freight (Lomita, south side of PCH just east of Oak St.) and is very inexpensive.

6. Financial Review – Chuck LaFranchi

Finances are very stable and can easily accommodate year-to-year variations with funds remaining for contingencies. See the attached financial summary.

7. Message Alert – Mike Sarullo

Current methods of alerting residents of important events on the street, such as the Neighborhood Watch e-mails, are useful, but not timely enough to react to a developing situation. A system using cell phone text messaging will be developed to enable faster communication. It will be used for critical information only. Residents interested in participating provided cell phone numbers on a sign-up sheet at the meeting.

8. Website Recap – Mike Sarullo

Please visit our website at ssrrhoa.com to see the latest changes. Crime reports from the Lomita Sheriff's Station are provided on a map, so you can easily see where on the peninsula there is criminal activity. Click on any bubble on the map for additional details.

9. Parking Improvements – Bob Laman

A proposed solution to the traffic hazard created by cars parked inappropriately in front of Aunt Mona's Care Home was developed with RPV Public Works. It is proposed to paint a white line indicating the edge of the traffic lane with chevrons where there is insufficient space to park safely on the street in front of the Care Home. The proposal can be implemented if it is supported by at least 60% of residents. Signatures of 35% of residents were collected at the meeting.

10. Emergency Preparedness – Bob Laman

Last year was the first year for our Household Disaster Preparedness Survey. The information collected will enable volunteers on the street to respond much more quickly and effectively to an emergency. Only 19 responses were received – we must do better. Please watch for the 2013 survey and reply promptly.

It would be very useful to have a Sunnyside Community EP committee to coordinate our EP activities with the other EP organizations, such as the RPV Emergency Preparedness Committee, the Peninsula Volunteer Alert Network, and PVP Community Emergency Response Training. Please notify a Board member if you are interested.

11. Message Board – Chuck LaFranchi

The Board is considering installing a message display board near the entry to remind residents of upcoming events and display other important messages. A tentative expenditure is included in the budget for this year.

12. Summer and Holiday Socials – Bill Kallish

The experiment of holding the Winter Social in January, when folks have recovered from the holidays, was very successful. There was general support for continuing to hold the social in January.

13. New Board Member Nominations and Election

Outgoing members Brian Miller and Emanuela Madani were thanked for their service to our community. Jeff Glassmaker and Jeff Meisterheim were nominated and approved as new Board members.

14. Open Forum

Shari Graner described a significant rat problem occurring on her side of the street. Rats are coming up from the canyon behind the house in large numbers, attracting coyotes. Bill Kallish occasionally sees coyotes on the street in the early morning. Several residents have had success controlling rats with service companies: Frank Gill with Pest Pros, Johnny

DeGirolamo with Dewey Pest Control, and Brian Miller with Western Exterminator. Bada Kim recommended inserting steel wool in any gaps around vents.

15. Driveway Monitor Raffle

Frank Gill was the lucky winner of the Driveway Monitor donated by Chuck LaFranchi.

16. Adjourn

The meeting was adjourned at approximately 8:30 PM and discussions continued informally as the attendees enjoyed refreshments and desserts.

Attachment: Financial Report

SSRR HOA FINANCIAL SUMMARY

Prepared April 15, 2013

	2010/2011 Actuals	2011/2012 Actuals	2012/2013 Actuals	2013/2014 Proposed
