1. Sunnyside Ridge Equestrian Trail. Grant from Los Angeles County has been approved; project is now in conceptual stage prior to going out to bid. Several residents have expressed concern regarding the impact of the trail improvement in the following respects: a) increased traffic and horse droppings on the street; b) frivolous expenditure of public funds for a project that will benefit no one on the street, since there are no horses; c) Increased access through a canyon that already has been an entry point for increased crime on SSRR.

Vicious and hateful emails have been sent from the equestrian community (both residents of RPV and nonresidents) to John DeGirolamo in support of the trail project, going so far as to threaten his business.

Sunnyside Community Association will host a townhall meeting for members to learn and discuss the trail project. Meeting on June 25, 2014 (later pushed up to June 18) to be held at John DeGirolamo's home which adjacent to the proposed trail improvement, so that attending members can see the layout. City planners will be invited. An email will be sent out to all SCA members inviting them to the special meeting.

A general consensus was reached to ask Rockinghorse Road Homeowners Association what their views of this issue are, since the RPV Trails Network plan (1984) includes connecting to their street via the Sol Vista lot and across Dodson canyon.

2. Security concerns. Chris Madani discussed his security camera system; a discussion of security camera options for the street were discussed. Chrissy Meisterheim, who will represent SCA at CHOA (Council of Homeowners Associations), will inquire about the security solutions of other HOA's.
3. Advisory board members – Bill Kallish and Bob Laman have generously agreed to continue to aid the SCA board as advisory board members. The advisory period is expected to end on or about the time of the summer social in September. Mike Sarullo has agreed to remain as webmaster for a maximum of one year.

4. Message alert system for SCA in development. Mike Sarullo and David Barrett will work together.\
5. Emergency Preparedness Committee is developing an informational flyer, and discussing plans for a community supply shed. They will send members of the committee to the next board meeting on July 9, 2014.
6. Crime . Additional Neighborhood Watch Signs are desired. 2 more will be provided by either Neighborhood Watch or Public Works. Lorraine Kirk, Neighborhood Watch requested assistance in organizing and updating the files.
7. Directory update: Board agreed to use map developed by David Barrett including names of residents on lots. Will be printed in larger font than prior years.
