The meeting was called to order at 7:00 P.M.

Treasurer's Report

RJ presented a financial summary for the 2006/2007 year through August 9, 2006. Expenses are in line with the budget and the current balance is \$5221.85. We have four members who have not paid their 2006/2007 dues and each will be contacted by a board member. A copy of the financial summary is appended.

Entrance Improvements

Only four members responded to the survey regarding the entrance way and each was negative toward further expansion of the entrance. The board agreed to apply for another grant from the City with any funds awarded to be used to repair or replace the electrical wiring at the entrance.

Emergency Preparedness

The terrorist events occurring earlier in the day triggered a wide range of discussion as to what we should be doing as a neighborhood to prepare for naturally occurring (i.e. earthquake) or manmade (i.e. terrorist activity) events. Marty offered to prepare a draft with emergency preparedness suggestions for the board's consideration.

Summer Social

Maxine Babcock (2336 SSRR) has agreed to host the Summer Social on September 17th. Final details with respect to entertainment and food were agreed to and an invitation prepared by the Rieger's will be distributed within one week.

Membership Directory

Frank or Alberta Gill will contact the three new neighbors to get their phone numbers, family members, etc. so the Membership Directory can be revised, printed, and distributed within one or two weeks.

Meeting adjourned at 8:30 P.M.
