The board agreed to apply for another grant this August. The board agreed to submit the grant to improve the bus stop and Mike Sarullo agreed to create a computer image of the improved version to be submitted to the Rancho Palos Verdes Beautification Committee.

PVAN HAM:

Ken Rieger is getting his PVAN HAM radio operators license to be used to communicate with the police, fire, and medical professionals in case of a major disaster. He felt it would be worthwhile for more residents to get involved. They are hand-held radios and do not require the large antenna that was necessary in the past.

New Neighbors:

Ken suggested we give some sort of welcome basket to new neighbors, welcoming them to Sunnyside Ridge Road, inform them of our two socials and give them a directory. We have two homes for sale on the block - 2202 and 2541. Also, the Jacobson home at 2572 has new renters - Doug and LynnDee Conley and their three boys.

Summer Social:

The Board agreed to meet by the middle of June to set the date for the summer social and discuss entertainment options that would be geared toward children yet also fun for adults. Research will also be done in this area in order to keep the party within budget.

Adjournment:

The meeting adjourned at 8:30 P.M.
