1) Local Issues

Occasional speeding by some residents is a continuing problem. We will mention this again at the Annual Meeting with a specific speed guideline.

Parking at Aunt Mona's is still a problem. It is encouraging that some cars have been seen parking on the premises, instead of the street. A hazard is created when a car parking at either end of the arc for the storm drain protrudes into the traffic lane.

- ⇒ Bill will call Mona to request increasing awareness of the problem with staff and guests.
- ⇒ Bob will work with RPV Public Works to obtain information on the appearance of possible street marking and signage within the storm drain arc. The resulting detailed options will be presented to residents for approval.

2) Neighborhood Watch

Lorraine gave an overview to the Board and will provide a refresher for all residents at the Annual Meeting. Neighborhood Watch (NW) is coordinated city-wide by Gail Lorenzen and is coordinated in our Neighborhood by Lorraine. Delivery of NW information is provided by three "block" captains: Joanne Peterson to the upper portion of the street, Bob Laman to the central portion, including Sol Vista Lane, and Sue Spellacy to the lower portion. There is a one-time fee of \$5 to join NW. Information is distributed only to members. This is described as a legal requirement.

Discussion revealed that the process to follow when witnessing a crime or suspicious activity was not clearly understood. The basic process is to call the Sheriff's Department, your adjacent neighbors, then your NW Block Captain. Lorraine will develop details of the process and review with the Board.

If a crime or suspicious activity is occurring in our neighborhood, residents would probably like to know quickly so they can do whatever is appropriate to safeguard the safety of their family and their property. Faster notification of events could be achieved using text messaging. At the Annual Meeting we will ask residents if they are interested in text message notifications and if so, to provide a cell phone number.

The Board desires to maximize the benefit to our community by ensuring continuity of NW, encouraging all residents to participate, and providing information on changes in renters and ownership.

⇒ Bob will update and distribute the responsibilities document.

3) Annual Meeting

The date selected is Wednesday, April 24th at 6:30 PM.

⇒ Mike will send an Evite to reserve the date and request that residents bring a snack or dessert.

Preliminary Agenda:
