Board Members Not Present: None

Invited Guests: None

Interested Residents: None

The meeting started at 7:20 PM.

1) Old Business

Parking Improvement at Aunt Mona's - A petition showing approval of at least 60% of residents is required for implementation of the proposed street marking showing parking and non-parking areas on the street in front of Aunt Mona's Care Home. Signature gathering was terminated with more than 70% approval. The petition has been accepted by RPV Public Works.

⇒ Bob will follow up to determine the implementation schedule.

Neighborhood Watch - Since Neighborhood Watch doesn't receive any taxpayer dollars, donations are needed to cover expenses for signs, postage, decals, office supplies, educational materials, and crime bulletins. At the recommendation of our NW Coordinator, Lorraine Kirk, \$100 was donated to RPV Neighborhood Watch.

Message Alert System - A system to provide urgent information to residents via cell phone text messaging was proposed at the Annual Meeting. Cell phone numbers of residents that would like to receive these alerts were collected at that meeting. A secure form will be created for the web site to collect cell phone numbers of additional residents.

⇒ Jeff M. will create the form and send an e-mail informing residents of the form on the web site.

Directory Update - An updated directory will be produced and distributed each year during the month of January. In addition to the necessary updates, the next directory will include identification of the Neighborhood Watch Block Captain for each of our three Neighborhood Watch zones (1=lower, 2=middle, 3=upper) and the zone for each residence.

⇒ Bob will update the directory.

Entry Message Sign - The possibility of installing a message display board near the entry to remind residents of upcoming events and display other important messages was presented at the Annual Meeting. Sign-mart.com was recommended as possible source.

⇒ Chuck will explore sign-mart.com.

⇒ Jeff M. will provide pictures of some existing signs for review at the next meeting.

Emergency Preparedness - Ideally, we would have an Emergency Preparedness group to coordinate related activities, participate in RPV and Peninsula-wide efforts, and communicate related information to residents. Currently we do not have any volunteers. The Board, by itself, can only provide some limited communication.

⇒ Mike will send an e-mail message encouraging residents to check the emergency preparedness information on the web site and to contact a member of the board if they would like to volunteer.
