

SSRR HOA Annual Meeting

Agenda-April 26, 2026

1. Introductions
2. Validate meeting quorum
3. Changes to residents
4. Approval of last year's minutes
- 5.. Summary of Board actions last year
6. Financial report & Dues
7. Entrance Area Upgrades & Maintenance
8. Safety Updates & Reminders
9. Special Topic: coyotes & nuisance animals
10. Solicitation & Election of Board Members
11. Open forum

Includes notes from meeting

Accomplishments and Actions

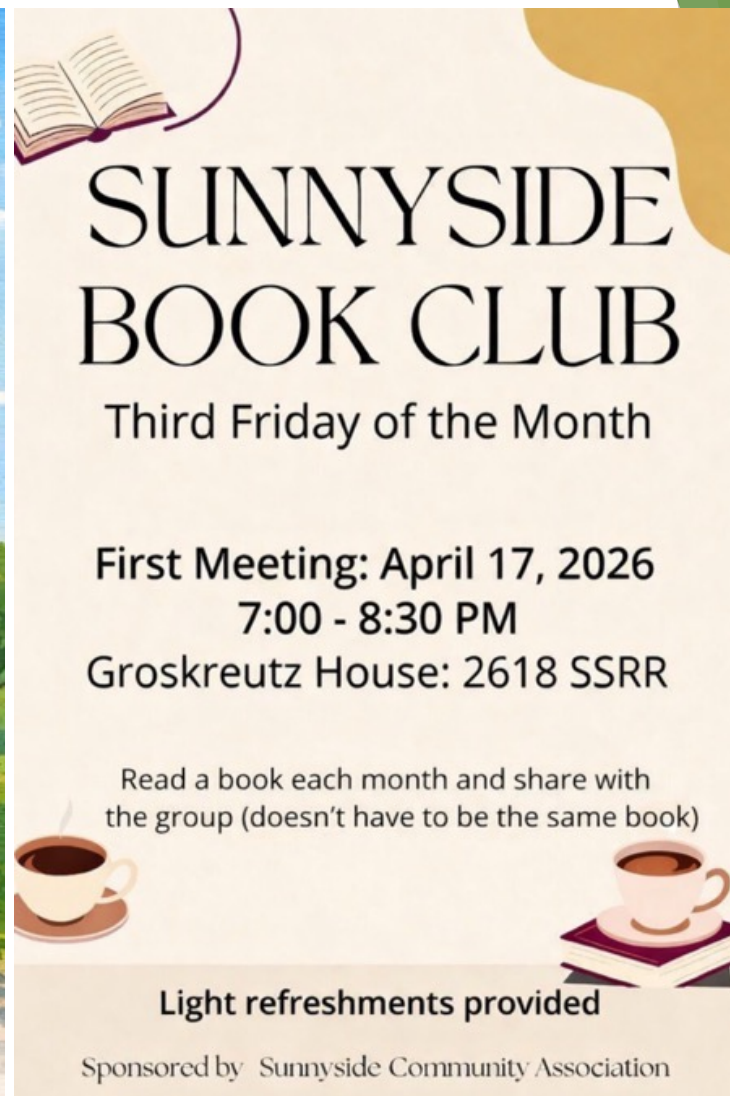

1. Held a successful BBQ social in August that brought families and residents together in a fun, casual way.
2. Initiated two new reoccurring social events to gather neighbors together and get to know each other:
 - a) Book Club on the third Friday of the month
 - b) Dogs and Donuts on the last Saturday of the month
3. Greeted new residents, both renters and homeowners
4. Acted as a clearinghouse to help neighbors communicate with each other
 - ▶ Sent out communications about animals and pets.
 - ▶ Published updated annual street directory
 - ▶ Sent out regular emails to communicate with all residents

Accomplishments and Actions

5. Identified leaks and problems with the entrance area watering system.
6. Engaged a landscape designer to create a landscape plan to enhance and beautify the entrance of our neighborhood.
7. Communicated coyote activity to street residents and worked with City officials to provide guidelines for protecting pets.
8. Advocated for safety and security on the street, by maintaining working security cameras at entrance and no parking signage and mirror on the entrance bend
9. Met virtually periodically as HOA board to discuss neighborhood needs and proactively create a welcoming and positive environment
10. Prepared and sent out a Neighborhood Survey to gather input on how the HOA can bring the most value
 - ▶ What activities would residents be interested in participating in?

Upcoming Social Events & Ideas

- ▶ Annual Social will be another Block Party BBQ
 - ▶ Tentative date will be ~Sat Aug 21 (the weekend before PVPUSD returns to school)
 - ▶ The Groskruetz Family offered to host this party again (Thank you!)
- ▶ What other activities would you like to see?
 - ▶ Start of Summer Pool Party - target date of May 30
 - ▶ Bingo Night with White Elephant gift prizes
 - ▶ Afternoon tea
 - ▶ Wine Tasting, Potluck or 'Progressive' Dinner
 - ▶ Suggestion at the meeting: since we have more children on the street events should include activities for kids, e.g. trick or treat coordination
 - ▶ Suggestion: hold a competition for decorated mailboxes, flags, holiday decor

SSRR Entrance Upgrades & Maintenance

► Background

- Upon investigation the sprinklers valves at the top of street have not been functional for some time
- The gardener has been watering plants by hand
- The landscaping at the top of street has many gaps and needs to be refreshed
- The Board engaged a landscape designer who created a landscape plan for \$200
 - The new plan will be low maintenance and include waterwise plants
 - The designer created a plan entirely of various color and textures of succulents that covers 70 feet of the shady side of SSRR
 - We are in the process of obtaining quotes for purchase and installation of the plants and repair/upgrade of the sprinkler system.
 - The sprinkler and plumbing repairs are estimated at \$1,700
 - The plants and installation are budgeted as \$2,3000
 - The landscaping will continue to discourage parking at the top of the street (including rock placement)

Suggestion at meeting: put the project to a vote of the HOA

① 2 EXIST PINUS HALEPENSIS
ALEPPO PINE
→ (Groom IN WINTER)

- ① 2 EXIST PINUS HALEPENSIS
ALEPPO PINE
→ (Groom in WINTER)

- ② 2 EXSTG PRUNUS LYONII
CATALINA CHERRY

- ③ 3 EXSTG CALLISTEMON - BOTTLE BRUSH

- ④ EXSTG. BOUGAINVILLEA 'BARBARA
KARST'

- ⑤ EXTREME TRACHELOSPERMUM
STAR JASMINE

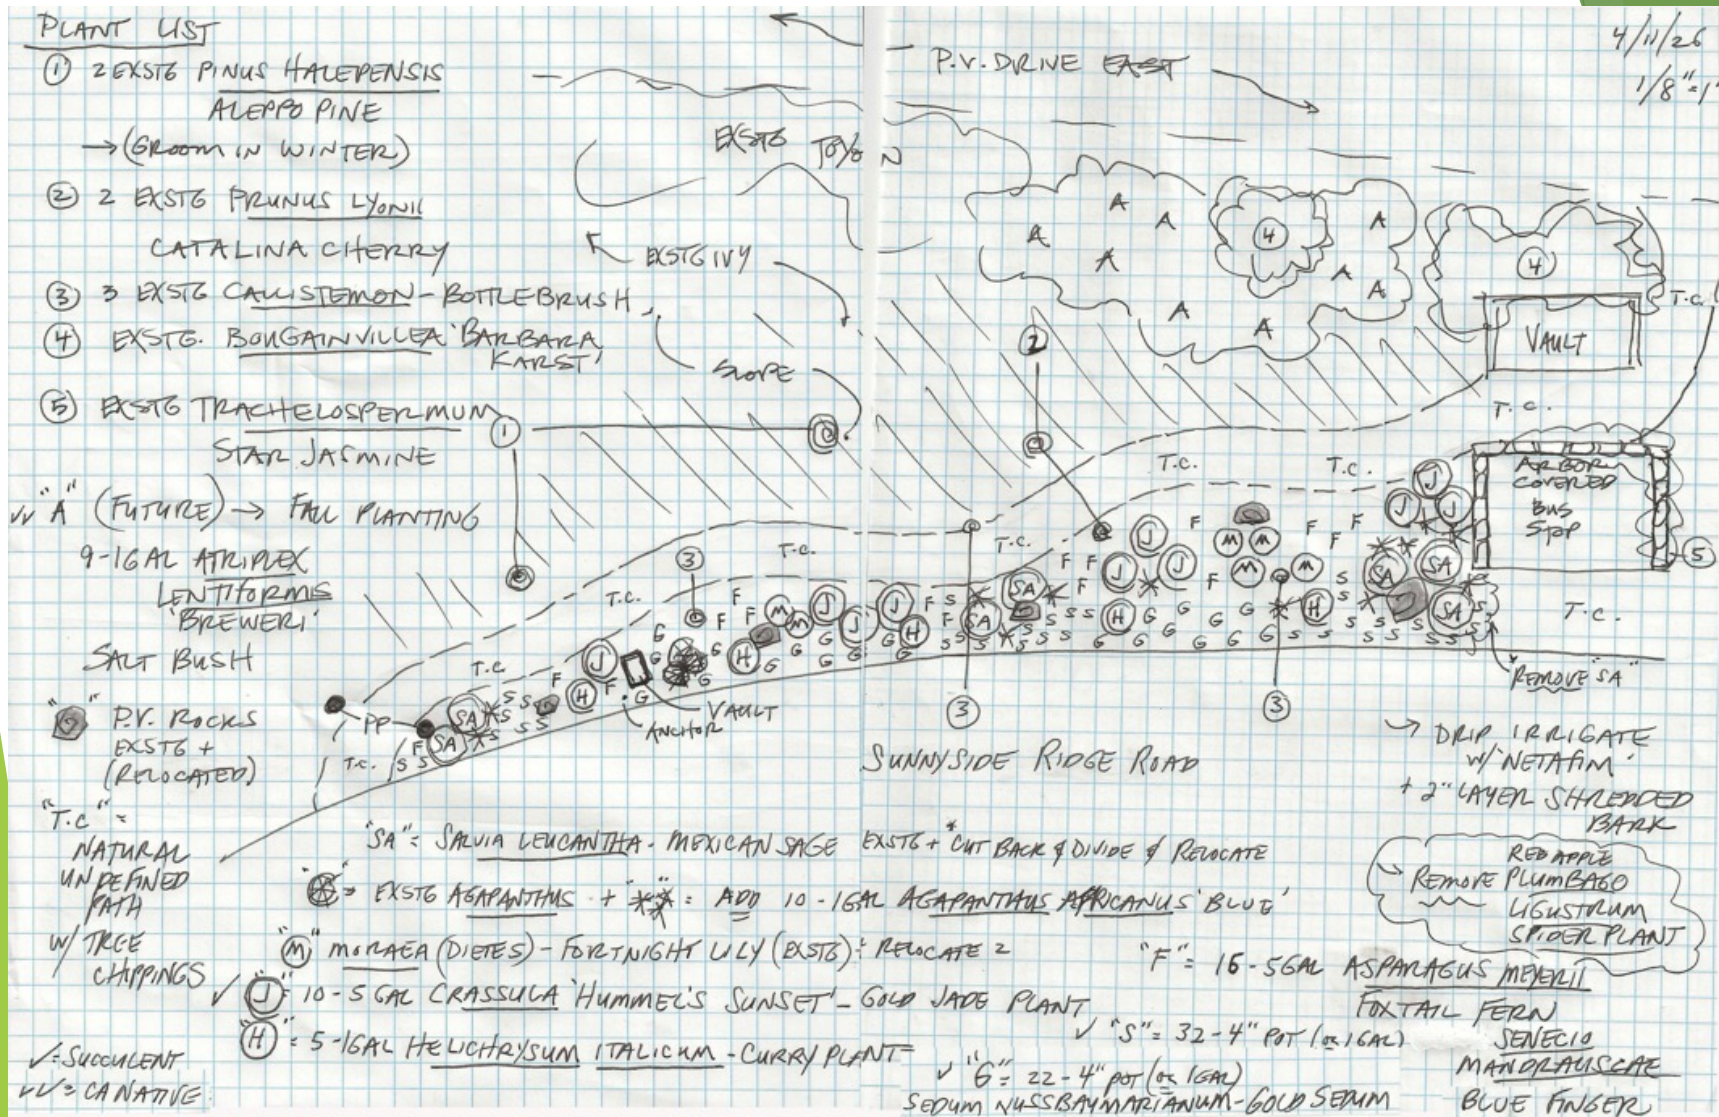

✓ "A" (FUTURE) → FALL PLANTING

9-16 AL ATRIplex
LENTIFORMIS
'BREWERI'
SALT BUSH

" 1" P.V. Rocks
EXISTG +
(RELOCATED)

"T.C" =
NATURAL
UNDEFINED
PATH
w/ TREE
CHIPPINGS

✓ = SUCCULENT
✓✓ = CARNATIVE

"SA" = SALVIA LEUCANTHA - MEXICAN SAGE EXSTG + * CUT BACK & DIVIDE & RELOCATE

⑧ → EXSTG AGAPANTHUS + *~~XX~~* = ADD 10-16AL AGAPANTHUS AFRICANUS 'BLUE'

① MORAEA (DIETES) - FORTNIGHT ULY (EXSTG) - RELOCATE 2

① 10-5 GAL CRASSULA 'HUMMEL'S SUNSET' - GOLD JADE PLANT

(H) = 5-16AL HELICHRYSUM ITALICUM - CURRY PLANT =

"F" = 15-56AL ASPARAGUS MEYERLI

✓ "S" = 32-4" POT (or 16AL)

✓ "G" = 22-4" pot (or 1 GAL)
SEDUM NUSSBAUMIANUM - GOLD SEDUM

SENECIO
MANDRAUSCAE
BLUE FINGER

SSRR Entrance Upgrades & Maintenance

▶ Next Steps

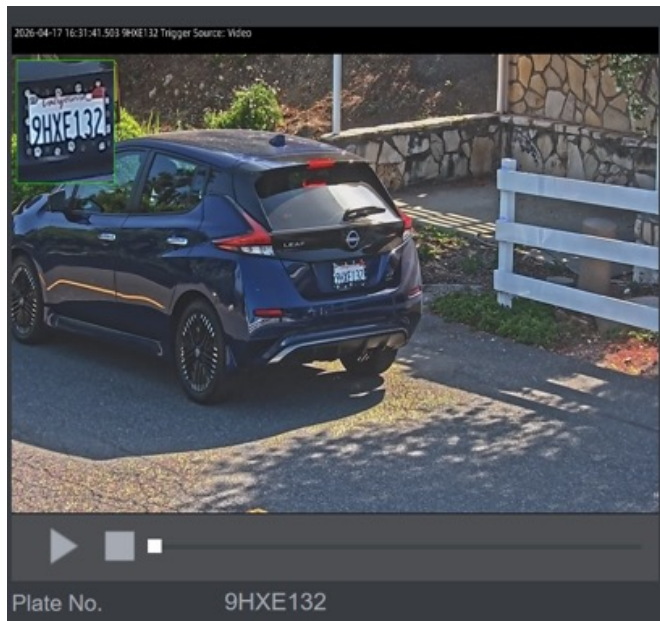

- ▶ An estimate of ~\$8,0000 was received for plants, materials, installation and repair of the sprinklers
- ▶ Due to fact that is double the budget allocated, the SSRR Board decided to take an alternate approach
 - ▶ RJ Cardello volunteered to repair the sprinklers, just charging for materials. Others on the street who wish to assist will be welcomed to join him.
 - ▶ The plants for a 10-foot section of the landscaping will be purchased and planted during 2026. Volunteers will be solicited
 - ▶ The remaining portion of the area will be planted in following years
 - ▶ SSRR Board will apply for funding from the City as part of their beautification grant program

Safety Updates and Reminders

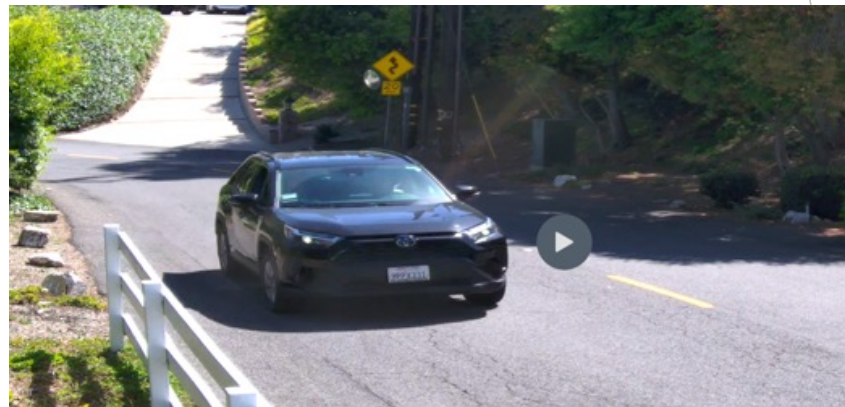

- ▶ Locking Mailboxes are Highly Recommended
 - ▶ Last reported mail related incident was 11/22/25.
- ▶ Contact Rainer Otto if you need any vehicle and video clips from the three cameras at the top pf the street
 - ▶ There are two Reolink cameras: one recording vehicles/persons going up the street and one recording down the street
 - ▶ There is one license plate reader camera that records vehicles licenses plates
 - ▶ There have been no reported incidents on SSRR. One petty theft on PVDE close to the entrance of SSRR
- ▶ Mission Prep Adolescent Boys Home at 28111 PVDE continues to be cited by the CA Dept of Social Services (mainly for violations inside the home)
- ▶ For any type of concern → If you see something, say something! The Lomita Sheriff Station non-emergency phone line is 310-539-1661.
- ▶ Suggestion at meeting: cars are traveling down the street at speed that make it dangerous for children. Contact city to add signage. Also, the turn onto SSRR from north on PVDE is dangerous.

Safety Updates and Reminders

- ▶ Suggestion: Residents discussed traffic and vehicle safety on Sunnyside and Sol Vista Roads as follows:
 - a) Parking at the top of the street is hazardous and should be discouraged.
 - b) The speed by some cars as they travel down the street is of concern.
 - c) The tight turning radius at the top of the street was reviewed; the lanes cannot be altered or changed, but we will ask the city if more reflective bumps can be added to enhance safety at the entrance.
- d) Action taken: the Board as submitted the ticket to the RPV Traffic Engineer who is reviewing the request

License Plate Camera

Reolink Cameras

-  Arson
-  Assault
-  Burglary
-  Disturbing the Peace
-  Drugs / Alcohol Violations
-  DUI
-  Fraud
-  Homicide
-  Motor Vehicle Theft

AND RAFFLE

VENDOR, NONPROFIT, & GOVERNMENT BOOTHS
OPEN FROM 10 AM-3 PM

QUESTIONS?

EMAIL LMOHAMMAD@RPVCA.GOV OR CALL 310-544-5209

Special Topic: Coyotes

► Background

- Earlier in 2026 SSRR residents reported and coyotes attacked 1 dog, killed one cat and killed three chickens
- Residents reported sightings coyotes during the day walking up the street and not fearing people
- The RPV code enforcement officer and LKA Conty Fish and Game visited the property of Rainer Otto to assess the property for risk of additional coyote incursions—tips provided were distributed to residents

► Annual Meeting Update

- Residents' questions were solicited and Brittany Pena from RPV code enforcement was asked to respond to these questions
- Question: were any efforts to trap coyotes on SSRR? Response: - **No, in 2025 no approved trapping was done on SSRR. SSRR is adjacent to a large rural canyon. Although placing coyote traps on SSRR is ideal, it will not fully address the termination of all coyotes due to the canyon areas.**
- Question: what was the total number of coyotes sightings reported on RPV app for SSRR: Response: - **The City received 6 coyote complaints on SSRR.**
- Question: in what areas of the City are coyotes most active: Response: - **Coyotes are mostly spotted East of PVDW and West of Hawthorne Blvd. North of Fred Hesse Community Park area.**

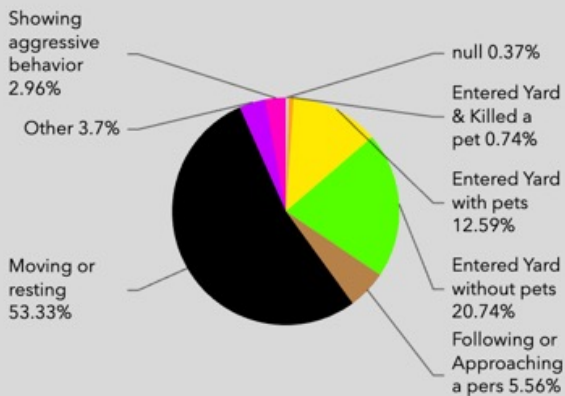

Special Topic: Coyotes

- ▶ Annual Meeting Update: continued
 - ▶ Question: What were the most serious coyote attacks reported in the last year?
Response: - **Entered yard and killed a pet was the most serious attack in RPV.**
 - ▶ Question: If a person encounters a coyote on the street how should they “hazed” to make them fear humans? Response: - **Never ignore or turn your back on a coyote.**
Hazing a coyote consist of yelling, making unpleasant & frightening noises, spray with a hose or water gun, use pepper spray, a blow horn, or throw projectiles.
 - ▶ Question: how does the City address when an area is overrun with an abundance of peafowl: Response:- **Addressing peafowl is the same process as addressing coyotes. A yard audit will be conducted on the property, and trapping peafowl must be approved.**
 - ▶ Question: are their any other nuisance animals that require the City to take action, e.g. skunks, racoons, possums, etc.?: Response; **No, the city only enforces Coyotes and Peafowl. As we live in a rural area- the City highly encourages the coexists with Coyotes and Peafowl. Facts: Coyotes have been living in the Peninsula over 42,000 years and Peafowls have been living in the Peninsula over 100 years.**

Special Topic: Coyotes

- ▶ Annual Meeting Update: continued
 - ▶ Question: We have noticed a big increase in gopher activity on our street in the past three years. Why, and what can we do about it?
 - ▶ Response: - Gophers can best be addressed by pest control company. One I company with a 5-star rating is Gopher Patrol
 - ▶ Suggestions at the meetings: pour a slurry of coffee grounds down the hole; put cat litter down the holes
 - ▶ Suggestion: rattlesnakes are increasing in our area. One resident towards the bottom saw a baby rattlesnake. Residents are encouraged to be observant.

Summary of Coyote Activity

Last update: 3 minutes ago

Sightings in the Last 14 Days

- April 21, 2026
Entered Yard with pets
- April 21, 2026
Moving or resting

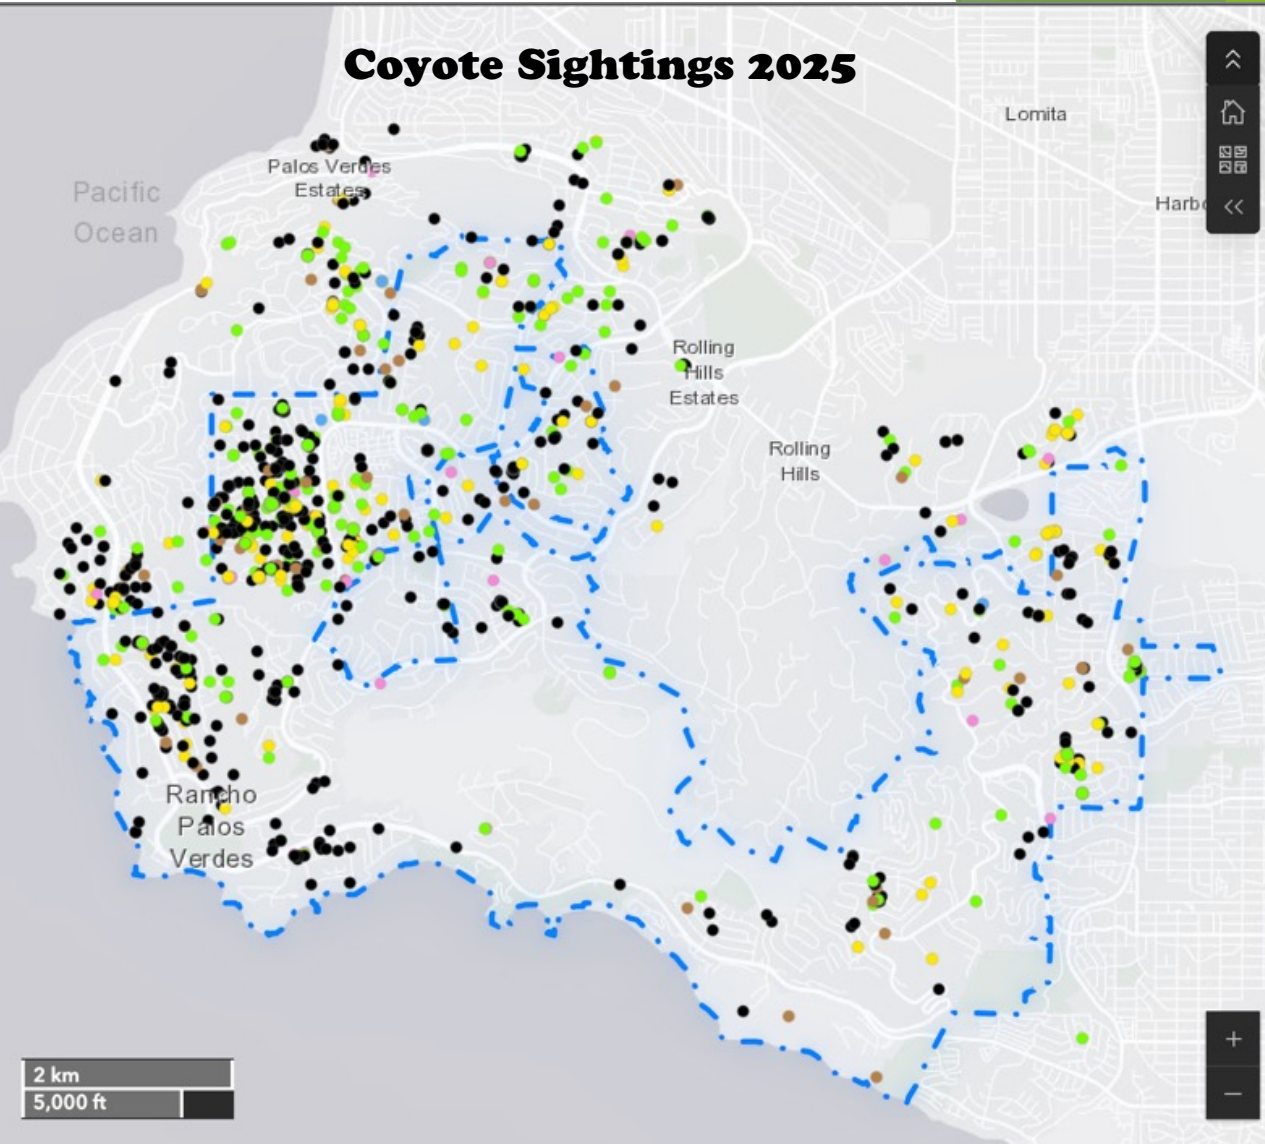

Table No. 2: Peafowl Census Summary
